Back to INTRODUCTION

1. People who are or who were formerly in NHS provided long term care have settled accommodation that reflects their Person centred Plans and there is a system in place to ensure minimum of annual review (T1.1)

Standard to Be Achieved	Evidenced Response			Score	Evidence - Details of Evidence to Support Score of '2' Effective or '3' - Excelling	If '1' Less effective' is selected, what plans are in place to meet the required standard? Who is responsible for these actions and by when?
	1. Less effective	2. Effective	3. Excelling			
					If 'Excelling' share best practice	*If 'Less effective' transfer actions to Agency Action Tracker*
1.1 All NHS Residential Campuses were to be closed by December 2010 (T1.2)(T1.3)			Task Completed in the 1990's	3	People have been enabled to live ordinary lives in the community, regardless of the complexity of need. There still remains a small group of people who require ongoing support and intervention from the Rapid Intervention Team.	
1.2 (This objective does not include people already taken account of in the campus objective above). Local commissioners and partnership boards have an agreed record of everyone both in and out of district and in both NHS and independent sector hospital provision, who are receiving long term care (T1.5), and they are confident that people receive regular, person-centred reviews		All individuals supported through Somerset Partnership NHS Foundation Trust and the Out of Area Treatment Panel will have a nominated Care Co-ordinator and will be reviewed 6 monthly. No Somerset residents are placed in campus provision in Somerset and all of the people placed out of county receive NHS & Social Care funding for their treatment. Both NHS & Social Care partners have a record of everyone placed out of county.		2	People have been enabled to live ordinary lives in the community, regardless of the complexity of need. There still remains a small group of people who require ongoing support and intervention from the Rapid Intervention Team.
